G.O. No. Mis. 117 I. , dated 30th April 1924.

ENCLOSURES.

READ the following paper

From the Collector of Coimbatore to the Superintending Engineer, Coimbatore Circle, Ref.No.1328- -1, dated 16/17-5-1923.
From the Superintending Engineer, Coimbatore Circle, No. 1518 I/160-C, dated 29-10-1923.
To the Board of Revenue (Land Rev.& Sett.) No.2519/23-B, dated 6-3-1924.
From the Board of Revenue (Land Revenue and Settlement), Mis. No.665, dated the 11th March 1924:--

Reference Government Memorandum No.2519/23-B dated 6-3-24.

---

As it appears that the water used in the pulping factory is returned back to the stream, the Board would suggest the levy of a rate of Rs 5/- a year to cover possible loss by seepage and wastage in the factory.

2. The Board in this connexion suggests that it would be advisable to insert in the draft agreement a provision to enable Government to terminate the lease of water at any time without giving reasons therefor. The stream has a large ayacut of 1140 acres some 20 miles lower down and it is desirable to provide for future contingencies

O R D E R:-

last read above are approved.
